BIJOU

Theater Has An Especially
Pleasing Picture Pro-
gram Today.

In addition to the beautiful special feature film, "The Shriners' Pilgrimage to Los Angeles, Calif." today the management of the Bijou theater has three reels of high class pictures. The Vitagraph is a beautiful human heart story called "The Greater Love." Love works wonders, transforming a wild western desperado into a man of sympathy and gratitude, considering his evil nature and bringing him back to his better self. By some chance of fortune or misfortune, Jack Mantion, young sheriff, finds on the plains a young fellow suffering from a serious wound. He brings him into the home of Nell Banister, Jack's sweetheart, and she cares for the stranger until he recovers. The sufferer is won by Nell's kindness and before he leaves her home he is unable to hide his love for her, which is unexpectedly displayed in Jack's presence. This arouses the sheriff's jealousy and he cannot resist snatching a flower from his rival given him by Nell in a moment of untroubled kindness and a spirit of playfulness. Determined to settle the question of Nell's choice, Jack bids her to choose between him and the man he has befriended and so it goes to the finish.

The other reels, making four in all today, are "The Conquering Parole" and "White's Ma Comes Back," a fine comedy. The usual price of five cents will admit you to see all of this fine program.

ODEON

Show Bill First Half of
the Week is Quite
Pleasing.

The program for the first half of the week at the Odeon theater is drawing record breaking crowds at every performance and every one speaks in the highest praise of the acts. An excellent playlet, which brings out the old saying, there's always some good in the worst of us and some bad in the best of us, is "The Preacher and the Man" by Charles W. Terrell and Company. It keeps every one intensely interested, and there is enough fun worked through the piece so that it is just right and one that pleases everybody. The acting is high class as each character is in the hands of an artist of high ability. The part of Father Anthony, the preacher, as played by Mr. Terris, is true to life, and Mr. Denton as Lucky Scott the gambler, is well suited for the character. Mary, the ward of Father Anthony, is charmingly portrayed by Miss Edith Edwards. A musical act deserving of more than ordinary praise was given by Stayman and Hayden. These men in addition to being first class musicians, are comedians of exceptional ability and win the audience in a decisive manner. They introduce a number of high class solos on novel instruments never before seen in this city.

Art Fisher in a singing, talking and imitations stunt, made one of the hits of the bill, his imitation of automobile, banjo and cello are very natural and called for encores, and his rendering of several popular songs were well received. This is an act that lovers of high class vaudeville should not fail to witness. The usual feature reels will be shown at every performance.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing household all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

WORK BEGUN

On the Traction Line from
the Town of Mt. Clare
to Weston.

Actual work on the eighteen miles
of extension of the Weston line of
the Monongahela Valley Traction
Company has commenced as the
contractors who were recently
awarded the contracts for the
grading and concrete work have 300
men on the road. It will be rushed
to completion and then it will be
one of the most modern lines to be
found in the country.

As was previously stated, the
work will be done in three sections,
the contracts calling for this fea-
ture. Three different firms will
each have a section and there will
be a rush to complete the work.

An unusually large amount of
dirt will have to be removed for the
road. The river will be crossed
once and concrete work for the
bridge will be installed as well as
the many culverts that will be ne-
cessary on the line.

The road is now completed and in
operation from Clarksburg to Mt.
Clare. This piece of track is one of
the models of its kind in the coun-
try and it is said that the new sec-
tions will be equal to or will possibly
excel that already in operation.
